## PROSPECTUS

## About Us

Al-Mahmood Group of Institutions provides high quality education in warm and nurturing environment that builds educational foundation of a child and its future. The school welcomes students from different localities and backgrounds and strives to achieve excellent academic standard in a caring and disciplined atmosphere, and makes sure that each child must have the optimum chances of success and personal achievement.

At Al-Mahmood International School, we strive to create a learning environment that instills a strong foundation and good Islamic character in each student that will then allow them to gain the education needed for success. We ensure to provide students with an Islamic environment as well as help them preserve their religion and identity for successive upbringing. It is a unique choice for the guardians who want to provide their children highly standard and globally competitive educational facilities integrated with Islamic morals. We offer top quality programs guided by talented teachers to promote excellence among students.

## Our Vision

To be a well renowned Islamic International Campus ensuring 'academic excellence' by fostering the younger generation with real values of faith which makes them pious and helps to serve the humanity at their best level.

## Our Mission

- To provide the excellence in teaching with dedicated tutors to bring out the creative ideas and practical knowledge from the younger minds.
- Al-Mahmood Group of Institutions' primary job is to make our students understand the value of piety (Taqwa).
- Dissemination of appropriate knowledge with well qualified teachers to create a change leading towards healthy Islamic life in order to serve the society with their learned knowledge.
- Al-Mahmood Group of Institutions' envisages creating, a learning, environment among our students.

## Our Facilities

### Masjid

Our campus has a beautiful Masjid to perform Namaaz. Performing Namaaz is compulsory for all students. Classes of Nazera, Hifz and Tajweed are conducted daily between Maghrib to Isha.

### Hostel

We provide residential facility for the students from 8th to 12th class boys in a safe and secure environment. We have excellent accommodation facilities separately for Junior, Senior Boys who are looked after by housemaster and head of the department. Each child is allotted a bed, storage cupboard and study table with chair.

Students are fed with healthy, nutritious and balanced diet as per the weekly menu which has been prepared keeping in mind the taste and likings of students. All the children get their meal together under the supervision of the Hostel staff.

### Medical Care

School has a medical assistance. We make sure that each child keeps in good health. For any major ailments we have doctors on visit and hospitals where the student is taken care of

### Computer Lab

### Laboratory

### Library

### Transportation

School provides the transportation facility for the students coming from nearby villages and every area of the city.
